Additional information:

PK-Fretit will have rental cages (without accessories) available for the duration of the show for 5€ each. Interest in cage rental should be included in the registration email and the fee should be paid before the deadline. Participants coming from far away have priority. The cages measure approximately 65x58x58cm.

The show is free for the general public who can also come to learn about ferrets.

The show venue is a school building so a smoking area will be organized outside the school bounds. (According to Finnish law to reduce smoking 13.8.1976/693 5 LUKU12 § (21.7.2006/700))

There will be a pet supply booth/booths where products will be available for purchase.

Raffles, games, and other fun activities have also been planned within the bounds of hygienic restrictions.

The Itäkeskus shopping center is located a short walk away from the show venue. Because food and drinks are so readily available for purchase at the shopping center, PK-Fretit will not be organizing such services in the show building. Before the show, we will check which local food services can deliver to the show area.

Welcome!
